LETTER FROM THE Executive Director

Dear Friends,

Nature is so very important to children! Science has proven that children who have regular access to nature have greater creativity, better problem solving skills, enhanced cognitive abilities, higher academic performance, and reduced attention deficit. They also have improved eyesight, better social skills, more self-discipline, and reduced stress. Isn’t it truly amazing what nature can provide for our wellbeing?

Given the chance, children love to be outdoors. As stewards of our communities, we owe it to our children and future generations to ensure that nature is always available to them and is a part of their lives. North Branch Land Trust’s main mission is to permanently protect woods, fields, watersheds, and farms in our region. Just as important are the efforts to connect people with the land and nature especially children through education, outreach, and experiences.

Our children are our most precious asset and represent our future. If we encourage their connection to nature, not only will they benefit, but society will benefit as a whole.

Please enjoy North Branch Land Trust’s 2017 Annual Report; a recap of the year in land conservation, events, programs, and outreach. A community based and funded non-profit conservation organization, NBLT is working to protect the natural lands we love in Northeastern Pennsylvania and ensure that children will always have the ability and opportunity to connect with nature.

Thank you for your continued support of land conservation and NBLT. Your generosity helps protect our children’s future.

With gratitude,

Paul Lumia
Executive Director

Mission Statement:
The North Branch Land Trust works in partnership with landowners and their communities to conserve the natural, working, and scenic landscapes in Northeastern Pennsylvania that sustain us.
The truth is: the natural world is changing. And we are totally dependent on that world. It provides our food, water and air. It is the most precious thing we have and we need to defend it.

~ David Attenborough

**Year in Review**

A variety of programs and events connecting NBLT members, donors, and guests to the land were offered throughout 2017. There was hiking and biking, observing and learning, exploring and designing, which led to supporting and conserving our precious forests and open land in Northeastern Pennsylvania.
In May of 2017 Kathleen and her mother graciously donated a conservation easement to the NBLT protecting their 14-acre property and establishing the Trailing Pine Conservation Easement. The easement protects the surrounding forests and hillsides and buffers a section of Reyburn Creek.

Reyburn Creek is a cold water fishery leading to the Shickshinny Creek—a tributary to the Susquehanna River. An impressive stand of hemlocks keeps the creek cool in the summer months. Skunk cabbage - Symlocarpus foetidus, Mayapple – Podophyllum peltatum, and Starflowers – Trientalis borealis can be found on the property, and at the right time of year, plenty of salamanders. “This easement contributes to one of many goals of the NBLT to protect our watersheds,” states Rylan Coker, NBLT’s Land Protection and Stewardship Coordinator. ©
NBLT wishes to thank friends of the Land Trust for their foresight in planning for the conservation of family lands. Family members in charge of their parents’ estate have left a lasting legacy by permanently protecting over one-hundred acres of beautifully forested lands in Fairmount Township, Luzerne County. The properties host a variety of hemlock and pine forests and are home to such wonderful creatures as the Fisher – Martes pennanti, Snowshoe hare – Lepus americanus, and the Northern flying squirrel – Glaucomys sabrinus.

As a bonus, by conserving this land through the estate, the family members will realize less estate tax on the value of the properties conserved. Please contact us if you would like to know more about conservation easements, estate planning, and tax incentives.
With grant funding from the Pennsylvania Department of Conservation and Natural Resources and support from the staff, board, and trustees of the Wilkes-Barre Family YMCA, the 650-acre Camp Kresge Conservation Easement was completed on June 23, 2017.

(Pictured, left to right): Rylan Coker, NBLT; Jim Thomas, YMCA; Jim Shoemaker, NBLT Board; Joe Persico, YMCA Trustee; Kay Strickland, NBLT Board; and Paula Fall, NBLT.

A big thank you goes out to the staff and board of directors of the Earth Conservancy for their generous donation on September 22, 2017 of 3.5 miles of the old Lehigh and Susquehanna railroad bed running from the Seven Tubs to Northampton Street. NBLT will be working to upgrade the rail bed for hiking and biking. Once complete it will become part of the Delaware & Lehigh National Heritage Corridor Trail.

(Pictured, left to right): Mike Dziak, Executive Director Earth Conservancy; Jim Shoemaker, NBLT Board Chair. Rear: Rylan Coker, NBLT Land Protection & Stewardship Coordinator; and Brain Stahl, Hourigan, Kluger, & Quinn, PC.
Volunteers of the Year

Patty and Ted Horn of White Haven, PA were named NBLT’s 2017 Volunteers of the Year for their dedicated volunteer efforts at the George and Lillian Picton Wildlife Sanctuary in White Haven. Patty and Ted took care of maintaining all of the trails and the grounds including removal of invasive barberry bushes on the 349-acre property. “They are perfect examples of volunteers who will do what is needed and not ask anything in return,” said Tina Fiorani, Picton Wildlife Sanctuary Committee Chair. Ted and Patty were recognized at the Annual Volunteer Appreciation Get-Together in November held at Sabatini’s Beer and Bar in Exeter, PA. Hats off to Patty and Ted!

Welcome to New Board Members

The NBLT welcomed four new board members: Ramah Hackett, John J. Pekarovsky, III, Ryan Flood, and Barry H. Dyller, Esq. Ramah, John, Ryan, and Barry bring their talents and professional skills in the areas of finance, law, philanthropy, and business to help the NBLT with its land conservation mission throughout Northeastern Pennsylvania.

The North Branch Land Trust thanks D. Kay Strickland and Nicholas G. Ouellette for their three years of service on the NBLT Board of Directors. Kay was board secretary for two years, served on the Land Committee for three years, and was the chair of the Risk Management Committee for two years. Nick served on the Sustainability and Board Development Committee for two years. He also served on the Land Committee. NBLT appreciates both Nick’s and Kay’s efforts supporting the mission to conserve the land that sustains us in Northeastern Pennsylvania.

An extra special thank you to all of NBLT’s dedicated volunteers! Volunteers are the life blood of the Land Trust and whether you are attending meetings, stuffing thousands of envelopes for mailings, monitoring conserved properties, restoring an old house and barn, building trails, clearing brush, leading hikes, or hauling trash, you are most appreciated! The Land Trust is honored that you are willing to donate your time, energy, and talents to NBLT’s land conservation mission.
We extend sincere thanks to the conservation-minded friends whose commitment and support make possible North Branch Land Trust’s efforts to conserve land and connect people to nature in Northeastern Pennsylvania. The donors listed on the following pages provided meaningful support throughout the year.

At year end 2017, North Branch Land Trust assets stood at about 6.5 million dollars, almost 70% of which are non-liquid land assets and assets set aside to monitor and defend conserved lands.

Currently the Trust has a modest endowment to help fund the organization’s operations. However, this endowment is not large enough to support the entire budget and additional funds must be raised on an annual basis. It is the goal of the North Branch Land Trust staff and Board of Directors to grow this endowment to a level that will support a robust conservation budget and the advancement of the Trust's land conservation mission in Northeastern Pennsylvania. Thank you for your continued support!
