WHAT WE DO

CONSERVING YOUR LAND

NBLT works with private landowners to protect their land for conservation purposes. We work to ensure that their private land placed under easement is properly conserved and stewarded, bringing lasting conservation benefits.

CONSERVING NEPA

NBLT partners with stakeholders to find permanent stewards for conserved natural lands. We have helped conserve Vosburg Neck State Park with PA DCNR Bureau of State Parks, 6,340 acres of Pinchot State Forest with PA DCNR Bureau of Forestry, and 184 acres of State Gameland with the PA Game Commission.

RESEARCH & RESPONSIBLE RECREATION

NBLT stewards nearly 1,000 acres of Preserves and Sanctuaries open to the public for research and passive recreation. Sensitive habitats by appointment only.
